1. Formula sheet banayein aur roz revise karein.
2. Har concept ke baad NCERT exercise ke questions solve karein.
3. Step-by-step solution likhne ki practice karein taaki full marks milein.
4. Important theorems/properties ko samajh kar yaad karein.
5. Galtiyan ko note karein aur dobara practice karein.
6. Previous year Bihar Board board paper se questions solve karein.

Chapter Weightage & Exam Strategy

'Pair of Linear Equations in Two Variables' Bihar Board Class 10 Maths ke exam ke liye important chapter hai. Is chapter se objective aur subjective dono type ke questions puche jaate hain. Weekly test mein is chapter se questions honge, isliye class video dekhne ke baad NCERT ke saare questions khud se solve karein aur doubt hone par Abhishek Garg Sir se poochein.

How to Use This PDF

1. Pehle class video (website par upar diya gaya) dhyan se dekhein.
2. Video dekhte waqt ye PDF saath mein khula rakhein aur notes banayein.
3. Video khatam hone ke baad in points ko revise karein.
4. Weekly test mein isi chapter se questions aa sakte hain.
